Notes:

Floor to sill height is based on structural header heights of 6' 10-1/2" and is calculated from the top of the subfloor to the top of the inside sill stop.
 Egress Requirements: 5.7 sq. ft. minimum clear opening area, 20" minimum clear opening width, 24" minimum clear opening height, 44" maximum floor to sill height.

Code restrictions may vary depending on your local building codes.

If glass is positioned within 18" of the floor, safety/tempered glass may be required by code.

Eagle Window & Door reserves the right to change specifications without notice.
